

# An Integrated Water Management & Water Development Program for the Sacramento Valley

Lake Shasta  
(Federal Central  
Valley Project)

Oroville  
Reservoir  
(State Water Project)

  
**GROUNDWATER  
MANAGEMENT**

  
**INTRA-REGIONAL  
TRANSFERS/EXCHANGES**

  
**WATERSHED  
MANAGEMENT**

  
**FLOOD  
PROTECTION**

New  
Bullards  
Bar

  
**FISH PASSAGE  
IMPROVEMENTS**  
(Screens, Siphons, etc.)

  
**PROPOSED SITES  
OFF-STREAM  
RESERVOIR**

  
**WATER USE  
EFFICIENCY**

Folsom  
Dam

 **SACRAMENTO**

## Goal

- Meet 100% of Existing and Future Water Demands in Sacramento Valley
- Foster Local Partnerships
- Develop/Optimize Water for Use in Delta (i.e. environmental, riparian, export)

## Integrate Sacramento Valley Supplies

- Existing Surface Water Storage (i.e. Shasta, Oroville)
- Direct Diversions
- Groundwater/Conjunctive Management
- Sites Reservoir

## Improve Fish Passage Improvements

- Fish Screens
- Siphons

**Sacramento - San Joaquin Delta**

Feather River

Yuba River

Sacramento River

American River
